New Student Enrollment

- Whether you are enrolling for the first time or submitted a required re-enrollment form, all enrollments must align with your assigned Cabarrus County school based on your home address. You can find your assigned school using [the Find My School Tool](#).

Our online enrollment system allows families to continue to enroll students without having to enter a school building during our CoVid 19 school closures.

You will start by completing the online enrollment form as outlined below, then await instructions from your home/zoned school on anything required to complete the enrollment process.

Families who are not able to complete the online process should contact the data manager at their home/zoned school. A school representative will contact you by telephone to assist with completing the online enrollment process.
